Glasgow G34 9JW
- 4 Calvay Centre,  
courtyard 16, Calvay Rd,  
Balarnark, Glasgow  
G33 4RE

## WHAT ARE THE ACTION DAYS?

Find out more about the park beneath your feet! Informal, fun and educational afternoon events taking place in the parks. Join in with FREE creative workshops, outdoor play activities and a big community BBQ. There will be lots of different opportunities for people of all ages to learn about how the new works in the parks will look, feel and benefit the local area.

### FIND OUT MORE

Contact Hannah Brackston on 0141 2378592 or hannah@icecreamarchitecture.com

## WHAT ARE THE CONVERSATION DAYS?

'Thinking caps on...' These consultation events are an opportunity to join the design team and to work with us to shape and share your own ideas about some of the key features to the plans. Find out about the journey so far: an explanation of where the new waterways and habitats will be formed and why these areas have been expertly chosen. Followed by an informal co-design exercise working directly with models, drawings we want your best ideas about where new paths could lead? Where you want to sit / play / socialise in the parks and what can be designed into these spaces to make them useful and exciting for your community.

## WANT TO FIND OUT MORE? THE WHERE'S, THE WHENS AND THE WHYS?

Come along to any of our community events to learn more about the plans and share in a process of generating specific ideas for this project which will make these parks more enjoyable and useful to you.

**ALL FREE EVENTS / ALL AGES WELCOME**

- Calvay Centre, courtyard space

## DIP INTO

## PARKWAYS AND WATERWAYS

63,430 metres of streams and burns flow through pipes underground throughout our city! It's time to bring these into the daylight.

CROFTCROIGHN PARK

CRANHILL PARK

BARLANARK PARK

BLAIRTUMMOCK PARK

Dip into Parkways and Waterways in Greater Easterhouse is part of an exciting city plan: to bring our hidden waterways back to the surface.

This project, will create beautiful burns, streams and ponds throughout Cranhill, Barlanark, Blairtummock and Croftcroighn Parks; improving the quality, habitats and character of these valuable green spaces. Making them places to play and enjoy, as well as actively reducing the risk of flooding for the neighbourhoods in the future.
