Dear [REDACTED],

Request for Review of Asset Transfer for the Children's Wood

I am writing to you regarding the Asset Transfer of the Children's Wood. I have been informed that the proposal from Glasgow City Council is that the transfer is granted for 25 years, subject to the Council being permitted to retain the right to build on a portion, of undisclosed size or siting, of the land for a new nursery building. This is contrary to the previous Public Hearing in 2016 when the reporter voted in favour of no building work on the land. This was subsequently agreed by the Scottish Ministers.

I am requesting a Public Hearing with the aim of removing this clause, but also to further understand why the Council feel that this clause is necessary.

I look forward to hearing from you.

Yours sincerely,

[REDACTED]
