Subject: Cathkin Pavilion and MUGA

Dear Sir/ Madam,

This email sets out our position with regards to the proposed Asset Transfer request pending with Glasgow City Council to give a 25 year lease of Cathkin Park and its pavilion (for annual rent £1) to the Jimmy Johnstone Charitable Trust. (Who are affiliated to the Academy which currently already rents the pavilion and has access to the Park for football at £1/year).

The Mount Florida Community Trust strongly **oppose** the restriction of access to green space that this would result in for all residents of Mount Florida and surrounding areas and do not consider this proposed transfer to be in the best interests of the wider community.

We note the application was signed on 10/07/18 but we would also highlight that this has not been well publicised to date.

Regards

Mount Florida Community Trust
