

Parental Involvement & Engagement Strategy

Education Services commitments are:

- ◆ Communication that is clear, easy to understand and updated regularly.
- ◆ **Involvement** of parents and carers at an early stage in the discussion and the development of policies and procedures that might affect them.
- ◆ Response to all parental enquiries in a **timely manner**.

You can expect this from our nurseries and schools:

- ◆ **Welcomed** and involved.
- ◆ Regular and effective **communication**.
- ◆ Provision of information that helps all parents and carers to engage with their child's learning.
- ◆ Family learning.
- ◆ **Listening** to what parents and carers say and considering the range of views expressed.
- ◆ **Positive engagement** with the Parent Council.

We ask this of you:

- ◆ Ensure that your child attends regularly.
- ◆ **Volunteering** when possible to help with activities and events or by joining the Parent Council.
- ◆ Work with the nursery or school to support your child's learning.
- ◆ **Respond** to any requests asking for feedback or your views.

You can expect this from your Parent Council:

- ◆ Acting as **the voice** of parents and working on behalf of the school community to raise important issues at a local and city level.
- ◆ Effective 2-way communication.
- ◆ Being as **accessible** as possible to include all parents.
- ◆ Parents voices are heard at city and national level.
