Modern Apprentice Newsletter 1st Edition

The Start of a New Journey

On the 9th of September 2019 Glasgow City Council appointed 10 Modern Apprentices (MA's) Team. Based at Ladywell Hub

in Whiteinch they have started a new journey to gain an SVQ in Sports Coaching and will be supported by Active Schools Coordinators across the city. Apprentices were appointed after a three day interview and selection process which in itself is a great achievement. As part of their on-going training and support the MAs completed a seven week induction where they improved their knowledge and understanding of how the PEPASS team operate and how to provide activity opportunities so that more pupils to become more active, more often.

Placed across the city with an Active Schools 'Mentor', as well as supporting events across the city including Gymfest, The Great Scottish Schools Run and Athletics Super 7's. Now into the new School year the apprentices lead activity sessions during lunch time and after school. This is only the beginning of their journey and with more to come the MA's are now concentrating on enhancing their future employment opportunities by improving their personal skills & abilities.

Partnerships to support the apprentices over the next two years have been developed with the following organisations;

- First Bus supported the programme by giving each MA a city wide bus pass, assisting them to get to work and travel to schools across the city.

- Glasgow Life support the assessment and training of the programme.

- City Building supported by painting the training hub offices through their own

In this issue.....

Start of a new journey

Meet the Apprentices.

Points of Interest...

Antony was a once a professional footballer

Bethany runs her own School of Dance

Amber has passed her first Boxing Qualification

SportScotland Active Schools Gold Award to St Paul's High School

Amber Carslaw

St Pauls Learning Community

Amber has enjoyed working in the schools and building relationships with the staff. Amber currently assists in running a pilot project in St Pauls High School, supporting and leading pupils during activities such as Climbing, Cycling, Boxing and Water Sports.

As well as completing an SFA Football Coaching Certificate, Amber has completed her 1.1 Boxing qualification and now delivers sessions within primary schools. The sessions link into a local community Boxing Club in Pollok and Amber is gaining further valuable experience through them.

Caron Anderson

Ladywell Training Hub Whiteinch

Caron has been supporting her primary schools and enjoys linking into and coaching clubs, especially dance sessions to P5-7s.

During her apprenticeship Caron has attended many courses and CPD where she has gained qualifications in a number of sports.

Caron also enjoys working at the St Roch's Secondary Schools Community Club, which she has supported for four years. During which she leads her own dance sessions. Looking forward she plans to deliver more sports and get girls more interested in Football.

Kacey Hinton

Smithycroft Secondary School

Kacey has been organising and delivering a lot of clubs within her learning community. Delivering Basketball, supporting Dance sessions and Linking in with the St Roch's High School Community Club has provided a breadth and depth of organisational and delivery experience.

Throughout her apprenticeship Kacey has enjoyed working with different coaches and learning from their coaching styles. In future Kacey plans to start up her own Basketball Club and also plans to complete anti-bullying training.

Bethany Donaghy

Castlemilk High School

Bethany has been delivering a lot of dance across the learning community. She has a lot of experience especially in dance as she runs her own dance school and has been working in St Oswald's Primary where she has focussed on preparing a lunchtime roller skating disco club.

Bethany has especially enjoyed working with pupils with a disability and says that the best part is getting to know new people and building new working relationships with staff and pupils alike. This term Bethany planned to support her schools in the City of Dance heats.

Gavin Cale

Ibrox Primary School

Gavin has been working with several schools across the learning community. Delivering Girls Football sessions at Glendale Gaelic Primary, as well as coaching an after school Basketball Club at Lorne Street Primary.

Throughout his apprenticeship Gavin has enjoyed meeting new people, making new connections and joint work as well as working with children.

In future Gavin plans to complete Active Schools Playground Buddies Training to allow him to deliver the training which supports pupils to lead playground games and activities to their peers.

Callum Taylor

Ladywell Hub Whiteinch

Callum has spent time building relationships in his schools with the teachers and pupils, and has enjoyed delivering sessions in Football and Multi-Sports to primary pupil after school clubs. He has also supported pupils attending a new BMX after school club at Glasgow's BMX Centre.

Football is Callum's sport and he looks forward every week to supporting the after school football clubs at Scotstoun.

Going forward he plans to continue promoting Football and other activity clubs in schools to get more kids more active more often.

Aedan Crumlish

Shawland's Academy

Aedan has been doing a lot of work in Shawland's and the schools in his learning community. As well as delivering sports sessions including Football, Basketball and Playground Games, he has supported a Rock Climbing after school club for pupils at XXXXXXX Primary School.

Aedan has also been asked to support a School Football trip in the summer. In this international exchange programme pupils from XXXXXXX will travel to Italy and whilst there they will attend a training camp with AS Roma and SS Lazio.

Antony Eadie

Springburn Academy

Antony has been getting up to a lot of work in his schools. As well as coaching Football and other after school clubs, Antony also has set his own Football Keepy ups challenge to primary schools in his learning community. To do this he invites pupils to take part during a school assembly and then supports a group of interested pupils during lunchtime and after school sessions. This encourages pupils to reach their personal best.

He also coaches Athletics after school clubs, and is trying to get Athletics sessions into all of the schools he works with.

Ryan Burns

St Philomena's Primary School

Ryan has gained a lot of experience delivering after school clubs to primary pupils in the east end of Glasgow. He supports and delivers sessions in schools such as Multi-Sports, Athletics and Football. Ryan enjoys working with P4-7 pupils who attend the St Roch's Secondary School Community Club and is gaining valuable coaching experience.

Ryan looks forward to completing training in a variety of different sports which will allow him to support more after school clubs across the learning community.

Callum Reynolds

Smithycroft Secondary School

Callum has been supporting lunchtime and after school sessions across the learning community.

He supports Football sessions at Carntyne and Sunnyside Primaries and also coaches his own session at Stepford Sports Park. Callum supports many other clubs and coaches a variety of different sports.

He has enjoyed working at events including Active Schools Tennis Festivals, The Great Scottish Schools Run and Athletics Super 7's. He looks forward to becoming qualified in a number of new sports including Basketball.
