Subject: TPEL application - Rangers Football Club - 11 / 12 August 2018

[REDACTED]

I refer to the above application.

The client is aware that objections have been submitted in relation to this application. They have asked to have sight of these objections. Whilst I appreciate that a citation has not yet been issued, could a copy of these objections be shared with the applicant at this stage?

Happy to discuss.

Kind regards

Subject: RE: Scanned from a Xerox multifunction device

Hi [REDACTED]

Following our conversations yesterday re: the RFC Fanzone, as it stands at the moment & in view of the objections, particularly from the Community Council we are unable to sanction the use of the Ibrox Football Complex for the RFC Fanzone, under these circumstances.

However, we have been made aware that the next Ibrox & Cessnock Community Council (ICCC) meeting is this coming Wednesday. As such both myself and representatives from RFC will be attending that meeting with a view to presenting the proposals for the RFC Fanzone to them and alleviating any concerns they may have which led to the objections being submitted to GCC Licensing.

If it is acceptable to GCC Licensing, Glasgow Sport would like to make a final decision on whether we continue to approve the use of the facilities at Ibrox Football Centre for the RFC Fanzone planned for 11th August once we have attended that ICCC meeting on Wednesday evening and have an updated understanding of their position on the matter? I would be able to provide written confirmation to you on Thursday morning.

H [REDACTED]

Thanks for the information which was useful for the meeting.

Will give you a call to update you the content of the meeting with [REDACTED] and a separate meeting with [REDACTED]

The upshot and as you highlighted is that there is opposition to the proposal for a fan zone from the local councillors and having discussed this with [REDACTED] we propose to advise Rangers of the situation and ultimately withdraw GL support for the use of the Ibrox facility.

Thanks

[REDACTED]

Rangers FC Match Day Fanzone Proposals at Ibrox Football Centre

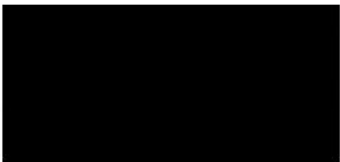

I refer to our ongoing discussion regarding the proposed use of Ibrox Football Centre as the location for RFC Match Day Fan Zone events.

Pending the necessary licenses being approved by GCC and G/Sport being in receipt of the Operations Plan along with the necessary RAMS, Glasgow Sport are happy to accommodate and host your booking request.

Once further details are confirmed with regards to access times for set-up and departure times following derig, a cost per match day for exclusive use of the facility will be provided to RFC for their consideration and agreement.

We look forward to working with RFC in preparation for season 2018/19 and what is sure to be an exciting and successful addition to the match day experience for not only RFC fans but for the whole community.

Regards

Subject: TPEL - The Rangers Football Club Limited, Fanzone at Ibrox Football Centre, 80 Hinshelwood Drive, Glasgow G51 2XP

Good afternoon [REDACTED]

I refer to the above.

The application seeks permission for the Fanzone on 11 August 2018. This relates to the fixture where Rangers are playing St Mirren. Prior to lodging some informal discussions were had with the relevant authorities to identify a fixture that was: (1) at home; and (2) involved a Cat A team. As a consequence 11 August was chosen.

Unfortunately it has recently come to light that if the Club successfully progresses to the third round of the UEFA Cup then they will have a cup tie on 8 August and therefore the fixture on Saturday 11 August will be moved to Sunday 12 August.

Given the work has gone into the occasional licence application, the client has asked if we can establish if the pending TPEL application could be amended at this stage so that it also seeks permission for a Fanzone on Sunday 12 August as well as Saturday 11 August. This is on the basis that once we have certainty as to the day of the fixture then the application will be amended accordingly. For the avoidance of doubt, there is absolutely no intention to utilise the licence on both days if the licence was amended as requested – it is a one day event linked to the football fixture. Alternatively, we are happy to lodge a second TPEL application if the Licensing Authority was minded to reduce the notice period.

In terms of the Occasional Licence application, given that timeframes permit I propose to lodge a second application on identical terms to the application granted for 11 August. I will write to Police and Licensing Standards to explain the background. Depending on Ranger's progress in Europe either the Saturday or Sunday licence would be surrendered. This – of course – being on the basis that the second application is granted on delegated authority.

The client appreciates that this is far from ideal and we are requesting an amendment at a fairly late stage of the process, however, they are understandably keen to protect the work undertaken to date.

I'm happy to discuss, however, will be on holiday for a week as of close of business [REDACTED] is on hand to deal with any matters that may arise in my absence.

Have a good weekend!

Kind regards

[REDACTED]
P.S. for full disclose an application has been lodged in respect of a fixture on 22 September. This seeks permission for both 22 and 23 September in order to protect the position and avoid the situation outlined above.

Dear all,

I attach an email I have received regarding a request to amend the above application to include an alternative date for the fan zone depending on the finalised fixture date. I should be grateful if you could take this amendment into account in your response.

Kind regards

Subject: TPEL - The Rangers Football Club Limited, Fanzone at Ibrox Football Centre, 80 Hinshelwood Drive, Glasgow G51 2XP

Good afternoon [REDACTED]

I refer to the above.

The application seeks permission for the Fanzone on 11 August 2018. This relates to the fixture where Rangers are playing St Mirren. Prior to lodging some informal discussions were had with the relevant authorities to identify a fixture that was: (1) at home; and (2) involved a Cat A team. As a consequence 11 August was chosen.

Unfortunately it has recently come to light that if the Club successfully progresses to the third round of the UEFA Cup then they will have a cup tie on 8 August and therefore the fixture on Saturday 11 August will be moved to Sunday 12 August.

Given the work has gone into the occasional licence application, the client has asked if we can establish if the pending TPEL application could be amended at this stage so that it also seeks permission for a Fanzone on Sunday 12 August as well as Saturday 11 August. This is on the basis that once we have certainty as to the day of the fixture then the application will be amended accordingly. For the avoidance of doubt, there is absolutely no intention to utilise the licence on both days if the licence was amended as requested – it is a one day event linked to the football fixture. Alternatively, we are happy to lodge a second TPEL application if the Licensing Authority was minded to reduce the notice period.

In terms of the Occasional Licence application, given that timeframes permit I propose to lodge a second application on identical terms to the application granted for 11 August. I will write to Police and Licensing Standards to explain the background. Depending on Ranger's progress in Europe either the Saturday or Sunday licence would be surrendered. This – of course – being on the basis that the second application is granted on delegated authority.

The client appreciates that this is far from ideal and we are requesting an amendment at a fairly late stage of the process, however, they are understandably keen to protect the work undertaken to date.

I'm happy to discuss, however, will be on holiday for a week as of close of business [REDACTED] is on hand to deal with any matters that may arise in my absence.

Have a good weekend!

Kind regards
[REDACTED]

P.S. for full disclose an application has been lodged in respect of a fixture on 22 September. This seeks permission for both 22 and 23 September in order to protect the position and avoid the situation outlined above.

Subject: Rangers Fanzone - Applications for 15/16 September

Dear [REDACTED]

As discussed today, thank you very much for agreeing to accept an application out-with the usual timeframes for TPEL for Rangers v Dundee which is scheduled for 3pm on Saturday 15th September. As discussed we would apply for a TPEL to cover this date but also 16th Sunday as there is a chance the game would be moved by the SKY TV people to the Sunday kick off. An occasional licence will be applied for separately.

The clients very much appreciate the discretion on your part in allowing the application to be lodged.

Regards

Subject: Application for Temporary Public Entertainment Licence PEL00730 (Rangers Fan Zone)

Dear [REDACTED]

I refer to the recent consultation letter you have received regarding an application by The Rangers Football Club for a temporary public entertainment licence at the Ibrox Football Centre on Saturday 11 August 2018.

I have today received an email from the applicant's solicitor requesting an amendment to the application to include the alternative date of Sunday 12 August. I am advised that if the Club successfully progress to the third round of the UEFA Cup, then they will have a cup tie on 8 August and therefore the fixture on Saturday 11 August will be moved to Sunday 12 August. As such, they require the application to include both dates, albeit the intention is that the licence, if granted, would be effective only on one of those dates depending on the finalised fixture date.

I should be grateful if you could take the above amendment into account in considering any comments the Community Council might wish to make to the application. The last date for comments is **Monday 9 July 2018**.

Kind regards

Hi [REDACTED]

I have checked with the licensing admin team and it would appear that there were a number of issues which required to be clarified with Rangers' solicitors regarding the application and the layout plans originally submitted. These have now been resolved and you should receive the formal consultation letter on the temporary public entertainment licence application by Monday. This will set out details of the application and the process for submitting any representations.

Kind regards

Importance: High

Dear [REDACTED]

I refer to the undernoted email to my colleague [REDACTED] I tried to give you a call to have a quick chat through some of the issues but understand that you are out of the office.

I met yesterday with [REDACTED] at Glasgow Life who provided some of the background to the these proposals. As I explained to [REDACTED] Rangers will require to take their own legal advice on the event and licence application, but I can advise that for an event of this nature we normally require the application to be lodged not less than 3 months prior to the date of the event. The timescale you have indicated is very tight in terms of enabling the licensing authority to carry out the statutory consultations and to review the health and safety related documentation.

It is a condition of a temporary public entertainment licence that the licence holder has public liability insurance of £1m. However is the event is held on council owned land the indemnity is £5million.

When lodging the application you will require to submit a layout plan of the event showing the proposed layout of all the activity intended to take place. You will also require to submit an event management plan. Further information is likely to be requested from Environmental Health with regard to inflatables and any other fairground equipment, marquees etc and in relation to catering units. Building Standards may also require further information, particularly if there are any raised structures requiring section 89 certificates. They will also recommend a maximum capacity for the event. Police Scotland will also be consulted on the application, but given that this relates to football events at the stadium, I would strongly urge the club to discuss the proposals with Police Scotland directly if you have not already done so.

Details of the application form and guidance notes are available at the attached link:-
<https://www.glasgow.gov.uk/index.aspx?articleid=17461>

While I can provide some general advice on the licensing process, I would again suggest that you seek your own legal advice. I would also reiterate that, unfortunately, the timescale is now fairly unrealistic to carry out the required scrutiny of the proposals.

Kind regards

Hi [REDACTED]

I hope this finds you well?

Re: Rangers Football Club – Fan Zone at Ibrox Football Centre

[REDACTED] from Glasgow Life recommended I reach out to [REDACTED] at the earliest opportunity to understand what documentation is required from Rangers Football Club to successfully secure the necessary license(s) for our proposed Fan Zone at the Ibrox Football Centre from March-May 2018.

I am told that time is particularly tight so your guidance and insight is greatly appreciated so that I can get the necessary stakeholders at the Club aligned and the information across ASAP.

Consideration(s):

- Public Liability Insurance – extension of existing?
- Public Entertainment Licenses
- Risk Assessment Documentation

I attach the proposal document and happy to have a phone call should additional information be required at this stage.

Look forward to hearing from you at your earliest convenience.

Best

"Think Before You Print"

RANGERS FOOTBALL CLUB FAN VILLAGE

IBROX FOOTBALL CENTRE

PROPOSAL FOR GLASGOW LIFE

2017/18

EXECUTIVE SUMMARY

- Attending a sports event is no longer only about watching a sporting contest, but increasingly involves the 360° social experience associated with it. With constant access to information, and strong competition for the in-home experience, fans' demands continue to grow, and event organisers are expected to provide an enhanced live fan experience.
- The evolution of the match day experience means that organisers are tasked with creating a more engaging, and interactive environment. Fans are not just simple spectators, and sports facilities need to become highly adaptive entertainment destinations for before, during and after the event to accommodate this.
- The match experience no longer starts when fans sit down in their seats, but much earlier. This opens up a great opportunity for venues to become much more than just a place for fans to watch sports, and focus on providing whole-day entertainment.
- As part of our commitment to grow and improve the matchday experience and in partnership with Glasgow Life/City Council, Rangers Football Club propose a 'Fan Village' be deployed at the Ibrox Football Centre for home matches.

OUR PROPOSAL

- This area will host a wide array of activity to engage fans from all demographics including but not limited to; live music, player appearances, photo opportunities, interactive games and entertainment all in the shadow of the iconic Ibrox Stadium façade.
- Our objective is to give fans even more options on game day and improve the level of service we provide. The Fan Village will be free to enter and is exclusively only available to home supporters.
- It is recommended that the Fan Village open three hours before kick-off, creating a secure and managed area for fans to gather before the match and remain open after full-time for one hour to ease footfall at key transport links.
- Whilst this new space will be outdoor there will also be plenty of room under cover allowing fans to enjoy the experience through any weather conditions.
- All associated logistics and operation thereof will be arranged and borne by Rangers Football Club including but not limited to; maintenance and staffing.
- Rangers Football Club will endeavour to utilise the Ibrox Football Centre for additional Club activity out with the matchday including our Charity Foundation initiatives and Soccer Schools programmes.

PROPOSED LAYOUT

OUR COMMITMENT

- As part of the relationship, Rangers Football Club will endeavour to integrate and support the local community, providing a platform and experiential space within the Fan Village for Glasgow Life/City Council and the Club's Charity Foundation to communicate their programmes and initiatives.
- The Club will support key Glasgow Life/City Council messaging and events (e.g. Glasgow 2018) via the provision of Club associated marketing assets and inventory. We can offer assets combining state of the art marketing propositions in addition to the traditional.
