| | <p>Anna will produce a full report of the outcomes of the day, in the meantime attached is a brief presentation of some of highlights from the seminar.</p> | |
| 4. | <p>Community Activist Panel (CAP) Update</p> <p>Members of the Community Activist Panel raised the issue of their lack of funding following recent changes to the council's funding programme. While due to the lack of travelling etc there is no immediate financial outlay there is a requirement for administration of the CAP, which was being carried out by David Ramsay at Homelessness Network Scotland and is impacted by the funding issue.</p> <p>Councillor Bell, the City Treasurer stated that he would speak to John Sherry about the potential for funding CAP in the future, however emphasised that he couldn't promise a positive outcome.</p> <p>The members asked about applying for funding from elsewhere, for example Comic Relief.</p> | <p>Councillor Bell and John to advise on the outcome of funding discussions.</p> <p>Gerry to look at alternative funding options.</p> |
| 5. | <p>Michelle Gillies, public health doctor working with the Scottish Public Health Network, gave a presentation on the impact that gambling has on families. The presentation is attached. Michelle received a lot of excellent feedback and suggestions for further community engagement. It was a really worthwhile and thought-provoking presentation.</p> |  <p>PLP Gambling Harms 020221.pptx</p> |
