A clear definition of what is being screened and its aims

2. Gathering Evidence & Stakeholder Engagement

Collect data to evidence the type of barriers people face to accessing services (research, consultations, complaints and/or consult with equality groups)

3. Assessment & Differential Impacts

Reaching an informed decision on whether or not there is a differential impact on equality groups, and at what level

4. Outcomes, Action & Public Reporting

Develop an action plan to make changes where a negative impact has been assessed. Ensure that both the assessment outcomes and the actions taken to address negative impacts are publically reported

5. Monitoring, Evaluation & Review

Legislation

The Race Relations (Amendment) Act 2000 extends the scope of the Race Relations Act 1976 to cover all the functions of the Council. It gives most public authorities, including the Council, a general duty to promote race equality. That duty requires the Council when carrying out our policies, employing people and delivering services, in partnerships or otherwise, to have due regard to the need to

- Eliminate unlawful racial discrimination;
- Promote equality of opportunity; and
- Promote good relations between persons of different racial groups.

The general duty is supported by specific duties that cover, among other things, employment, training and ethnic monitoring.

Disability Discrimination Act There is a general duty which applies to all public authorities, plus additional specific duties to support the majority of public authorities in achieving the outcomes required by the general duty. The basic requirement for a public authority when carrying out their functions is to have due regard to the need to do the following:

- promote equality of opportunity between disabled people and other people
- eliminate discrimination that is unlawful under the Disability Discrimination Act
- eliminate harassment of disabled people that is related to their disability
- promote positive attitudes towards disabled people
- encourage participation by disabled people in public life
- take steps to meet disabled people's needs, even if this requires more favorable treatment.
- Due regard' means that authorities should give due weight to the need to promote disability equality in proportion to its relevance.

The Gender Equality Duty and Equality Act (2010) - the Equality Act 2010 (Specific Duties) Scotland Regulations 2012

The Equality Act 2006 amended the Sex Discrimination Act 1975 to place the statutory duty on public authorities, when carrying out their functions, to have due regard to the need to:

- eliminate unlawful discrimination and harassment; and
- promote equality of opportunity between men and women

The 2010 Act consolidated this legislation. This is the general gender equality duty, which is supported by specific duties that cover among other things equal pay, occupational segregation and education.

To have due regard means that the weight given to the need to promote gender equality is proportionate to its relevance to a particular function. It will mean giving more consideration and resources to functions or policies that have most effect on the public, or the Council's employees, or on a section of the public or on a section of the Council's employees, for example, transsexual employees.
